

IEEE Systems Council Coastal Los Angeles Section Chapter 2010 Chapter Activity Report

Date: 12/22/2010

Prepared by Dr. Hen-Geul (Henry) Yeh, Chair, IEEE Systems Council

Activity Summary

IEEE Distinguished Lecture Series

All seminars are hold at VEC 325, CSULB

- Dr. B. Sklar, “Essential Concepts About Digital Communications, Part II,” 3/25/10
- Dr. R. Stefani, “Sports, Rating Systems and the Olympics: Some Fundamental Result,” 4/22/10
- Mr. M. Montoya, “Southern California Edison: Smart Grid Strategy,” 5/13/2010
- Dr. B. Sklar, “OFDM: A Natural Signaling Technique for Multipath,” 11/9/10

IEEE Green Energy Workshop 2010:

Green Energy Production and Adaptive Power Distribution

- More than one hundred attendees, including CSULB faculty, staff, students and local engineers participated on Nov. 1, 2010 at Pyramid, CSULB.
- Student Post Session in IEEE Workshop at CSULB, Nov.1 , 2010
- Mr. Daniel Hernandez, a CSULB student, won the First Place award of Student Paper Contest in the IEEE Workshop, Nov. 1, 2010.
