Undergraduate

 **\$5,000 + Certificate**
2 scholarships available

Recognizes students pursuing their first professional degree in any engineering discipline.

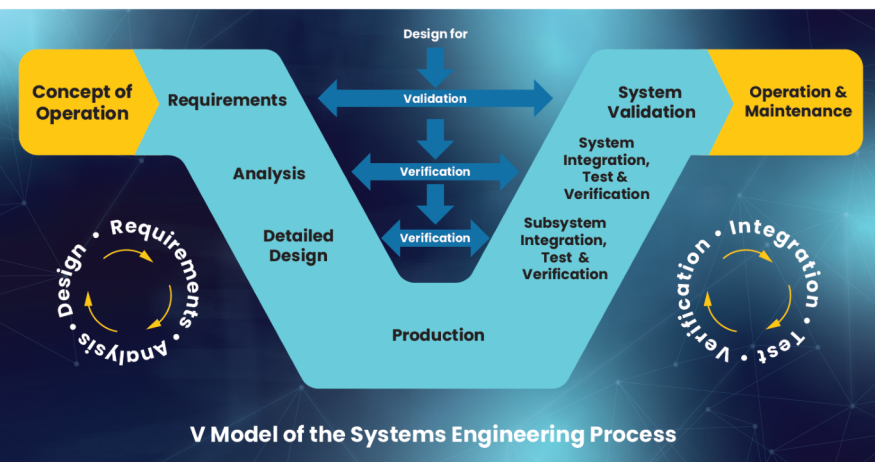

Graduate

 **\$6,000 + Certificate**
1 scholarship available

Recognizes students pursuing graduate studies in process control systems engineering, plant automation, or instrumentation measurement.

Eligibility

- Cumulative GPA of 2.8 (out of 4) or above, or equivalent measure of academic performance where GPA is not utilized.
- Requirements:
 - Statement of Financial Need
 - Essay on why these fields of study – systems engineering, process control systems engineering, plant automation, or instrumentation and measurement – are important in today’s world.
 - 3 letters of reference

ABOUT THE IEEE SYSTEMS COUNCIL

Formed in 2005, the IEEE Systems Council promotes, encourages, and supports the technical, academic and application aspects of systems engineering and systems thinking through its own activities, and with its Society members through joint activities for the growth of Council Affiliate membership, member Society membership, and for addressing overall global challenges.
