

Review Dowing/Fairly collaboration ideas and identify how SC might apply them with Member Societies, add to them if possible.

1. Share newsletters
 - Distribution
 - Content
2. DL topics – request topics not listed; post on DL web site
3. Projects – SC technical committees reach out to companion TCs in Societies
4. Co-sponsor and contribute to Society events, especially multi-disciplinary events
5. Society and SC booths and information at each other's conferences
6. Highlight member Societies on a rotating basis
7. Improve member society visibility on SC web page
8. Explore special topics for newsletters and magazines of the Societies
9. Ask the Societies what they expect/value from the SC (survey?)
10. Promote cooperation between Societies
 - Conference call with TAB VPs (or equivalent) of a few (~3) Societies at a time
 - Offer CS as a conduit when a Society has a topic or project that extends to other Societies
